

Manual Examination Table

604

# When you want a full-featured manual exam table, choose the Midmark 604

Midmark's 604 Manual Examination Table gives you the best economy exam room option available with choice features. And this cost-effective table does not skimp on patient comfort. With the 604, the physician can easily position patients so that they are comfortable and relaxed throughout the exam.

The exam table is where the practice of medicine takes place - the interaction between physician and patient

The new look of your exam room will improve the overall impact of your office environment through the 604's stylized look, featuring a plush, one-piece upholstered top. The 604 not only looks great, but is also simple to clean. In addition, the 604 is user-friendly with a pneumatic cylinder that assists in easily placing the counterbalanced top in an infinite number of positions. Release handles on both sides of the top section make positioning easy.

Ultra-Premium Top option is more comfortable for your patients, giving your practice an exclusive feel and elevating your reputation.

**Exam Assistant® Fold-Down Drawer System**  
Provides an area to store basic pelvic and examination supplies at your fingertips. Its unique fold-down front can also turn into a work shelf for examination assistance. *(Patented)*

**Flex Drawer Design**  
A flexible rear drawer design allows changing to either right-hand or left-hand access without the use of tools. This eliminates the potential for wall damage or the unkept look of pass-through drawer systems.

**Premium Comfort System™**  
Unique elastomeric material stretched over a seat cut-out is designed to enhance patient comfort for a “chair-like” feel in an exam table. The upholstery is removable and available with optional heater. *(Patented)*

**Large Foot Step**  
A rubberized, easy-to-clean pad makes this footstep slip-resistant. The 40% larger footstep has bright yellow edging to assist the visually impaired in seeing the step edges clearly. *(Patented)*

**Heavy Construction**  
The solid construction of this table can support larger patients up to 500 pounds, as well as provide many years of use.

## Specifications

Height with Upholstery:  
Premium/Ultra-Premium Top:  
33.38" (84.8 cm)

Length with Footrest  
Extended: 75.5" (191.8 cm)

## PC Work Shelf

Provides an adjustable  
height workspace for a tablet  
PC, portfolio or exam  
instruments and supplies.

## Assist Handles

Offers patients a stable  
platform for accessing the  
table and a sense of security  
during positioning.

## Knee Crutches

A more ergonomic and  
comfortable option compared  
to standard stirrups. The  
ball joint design offers  
ultimate flexibility in patient  
positioning. Available in a  
non-articulating option.

## IQvitals® Table Mount

Convenient IQvitals® swing  
arm table mount positions  
vitals at the side of the exam  
table to support efficient  
workflow and keeps cords  
secure and out of the way.

## LED Exam Light

Easy access controls, high intensity  
light and an adjustable focal spot makes  
the Ritter 253 the perfect complement  
to any exam room. Available in table  
mount and mobile options.

CARB 93120.2 Phase 2 Compliant
